Supported Living Care Service

44 Cedars Road, Beddington,
Croydon, CR0 4PT

0208 686 2390

Conditions we support, but are not limited to:

- Mental Health
- Epilepsy
- EUPD
- Learning Disabilities
- Sensory impairment
- Autism
- Asperger's syndrome
- Other complex needs

Cedars Road is based in Beddington, Croydon and offers specialist support and care to adults. Our primary care is to provide the highest standard of care to all our residents. We work closely with the people we support to improve their confidence and manage their anxieties, providing them with the skills to progress towards more independent living.

We have a team of experienced professionals working together to provide holistic, person-centred support to each of our residents. The staff have received specialist bespoke training to support all individuals needs such as PBS (Positive Behavioural Support). This allows us to better understand all aspects of the care we provide to our residents, not just caring for them physically, but also emotionally enabling us to support every one of our residents to achieve their life goals.

We help our residents with learning disabilities, epilepsy, intellectual disabilities and associated mental health needs to learn life skills in a safe and proactive environment. We support people towards future pathways through setting life goals which will set them on their transition to independent living.

Dining room with Natural Light

Cedars Road is a homely, quiet and contemporary house where we work closely with our residents providing them with the highest quality care. We support our residents helping them to manage their conditions and to improve their confidence, control their anxieties and provide them with the skills needed to progress towards more independent living on an individual basis.

Additionally, we can support people to attend local colleges, to access voluntary or paid employment opportunities, to gain daily life skills such as cooking, cleaning and budgeting. We support our residents to attend local activities i.e. bike riding, swimming, going to the gym or practicing their faith. Our large private garden is perfect for social events such as BBQ's and parties, as well as being an ideal space to entertain friends and family.

At Cedars Road we have aligned and agreed our strategic goals to define what we want our organisation to achieve. This means we have also aligned them with the five domains of the Care Quality Commission (CQC) inspection standards to ensure we provide the very best care possible to all our residents.

We're here, lets talk.

We're here to talk to you about any care needs you may require. We have a dedicated team ready to assist you with whatever you need. Should you wish to refer someone to our care or arrange a visit please contact our referrals team.
