Located in Caterham, Surrey, Clareville Lodge provides high quality care for adults between the ages of 18 – 65. We are committed to helping every person we support through a holistic approach to care. We are able to support people with learning disabilities, autism, acquired brain injury and/or physical disabilities to ensure they live a fulfilling and rewarding life.

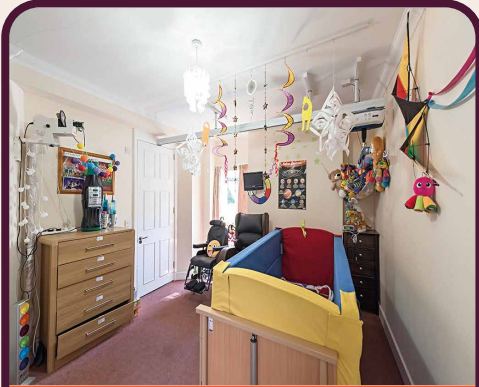

We have a highly experienced team which provide 24-hour care, along with waking night specialist support. The trained team provides the highest level of care and support to all residents at Clareville Lodge whilst enabling people to live as independent as possible in their own homes.

Where required, our ethos of delivering support through the fundamental principles of Positive Behaviour Support (PBS) is also in place. The aim of our PBS framework is not merely to reduce levels of challenging behaviour for people, but to improve quality of life. The care and support we provide is bespoke to each resident as we understand no-two people are the same, therefore we interact with all residents and encourage them to be fully involved in the development of their individual person-centred plan, enabling us to provide the best possible care for them, reflecting their wants and needs, supporting them to grow, and learn, and reach their full potential.

Clareville Lodge offers 9 bedrooms. There are shared bathrooms, communal lounges, communal kitchens and a large garden area.

All our residents are encouraged to mix with their peers as they wish. We organise events such as coffee mornings, arts and crafts sessions and movie nights so all residents can participate and have opportunities to socialise. We are a lively house and we focus to empower the people we support so they can reach their full potential and lead an independent life.

Clareville Lodge is a facility where we support adults with learning disabilities of all kinds, epilepsy, acquired brain injury, sensory impairment, communication difficulties and physical disabilities. We're committed to help every person we support feel happy, safe and connected to their community, working closely with each resident to build their skillset and help them to lead a more independent life.

At Clareville Lodge we have aligned and agreed our strategic goals to define what we want our organisation to achieve. This means we have also aligned them with the five domains of the Care Quality Commission (CQC) inspection standards to ensure we provide the very best care possible to all our residents.
