Adult mental health

On-site multi-disciplinary team (MDT)

Blackburn Road in Lancashire is a specialist residential care home for adults with mental health needs. We're here to support our residents working closely with them to further their independent living skills, and enhance their quality of life through our holistic approach to care.

Blackburn Road offers both long and short-term care. Operating in Lancashire, Blackburn Road is purposefully small to offer a calm, tranquil and homely setting for residents allowing them to focus on what's important to them.

Our aim is to make a difference; to enable people to optimise their potential and enjoy full and rewarding lives. We are committed on putting the individual at the heart of everything we do. Blackburn Road provide a seamless and personalised recovery approach with a focus on our residents wishes, hopes and expectations. We're not just here to help someone feel protected and safe, we're here to help them get better and to move forward in their lives.

All residents have access to and are encouraged to use our range of on-site therapies including occupational therapy, psychology, in addition to the nursing care they receive. We care for the psychological and emotional needs of every resident just as much as the physical needs.

We work in partnership with clients and their families to offer bespoke assessed care packages aligned to service user specific in-house training and clinical nurse led governance. This ensures that each of our social care work force has the right mix of skills, expertise, cultural awareness, confident, passion for each of their assignments aiming to maximise the positive outcomes for our clients, through care packages that have moved from prescriptive, and needs led delivery to holistic, bespoke and outcome based, however that looks for each resident. By believing in better, we help our residents to achieve more every day and see them to return home.

We support those with but are not limited to:

- Bipolar disorder
- Mild autistic spectrum disorder (ASD)
- Mild learning disabilities
- Personality disorder
- Schizophrenia

Our Multi-disciplinary Team (MDT):

- Service Manager
- Deputy Manager
- Psychologist
- Occupational Therapist
- Key Workers
- Activities Co-ordinator

Our facilities:

- 7 bedrooms
- Communal lounge
- Kitchen/dining room
- En-suite and shared bathrooms
- Accessible outdoor space
- Close to local amenities

Our compliments:

“Thank you to Blackburn Road for caring for me over the last year and to the staff for supporting me. My sessions with the psychologist are really helping me.”

- Resident

“My son is happy and settled at Blackburn Road; this is the best I've ever seen him since he was 18 years old.”

Family Member

“Thank you for everything you do for my son and for the continued support. I always appreciate that you keep me up to date with my son's care.”
