Adults

Supported Living Care

New Purpose-built Facilities

24-hour care

Gravel Hill is a detached period property in Croydon, South London that has been completely modernised to allow our highly trained team to support adults with complex needs 24 hours a day, in a nurturing environment. Our goal is to care for tenants and help them lead rich, rewarding and meaningful lives, however that looks for them.

Located within a thriving local community and with excellent public transport links nearby, our teams can provide supervised travel as and when needed, ensuring that all tenants are supported to access the wider opportunities both in and around their home.

## Dedicated quality of life services

Our person-led approach is driven through bespoke support plans and outcomes for tenants that entails our pathways ethos of delivering support through the fundamental principles of positive behaviour support (PBS). The aim of our PBS framework is to improve quality of life for all by reducing levels of challenging behaviour and anxiety.

We understand that each tenant has different preferences and requirements, which is why our Service Manager and team of Support Workers collaborates with key workers, families, and medical professionals to ensure that the support that we provide is person-centred in every detail.

By caring for each tenant's specific wants and needs, both physically and emotionally, while fostering an environment of personal growth, inclusion, honesty and integrity, tenants are enabled to live the most rewarding lives. Our holistic and comprehensive care supports tenants in becoming confident and resilient. For instance, by helping tenants to learn new skills, take up hobbies and try out different activities, tenants can feel empowered and gain a more positive outlook for their capabilities, while navigating their way in society and becoming more integrated into local communities.

## We support those with, but are not limited to:

- Learning Disabilities
- Epilepsy
- Brain Injury
- Autism
- Sensory Impairment
- Mental Health
- Physical Disabilities
- Other Complex Needs

Gravel Hill is a safe haven for individuals that have been diagnosed with complex needs. Our core values are testament to putting residents at the heart of everything that we do, providing a seamless and personalised experience that reflects the tenants' wishes, hopes and expectations.

There is a self-contained ground floor apartment with separate access and for wheelchair accessible living, and four spacious bedrooms with en-suite wet rooms upstairs. The property also boasts large communal living, dining and kitchen areas where tenants can socialise if they wish, as well as a large and well-established garden to the rear with stunning views to the beautiful Addington Park of South Croydon.

It is important that all tenants feel at home at Gravel Hill which is why the ground floor has been made suitable for wheelchair users and all rooms are equipped with a call point system so that support can be called for at the touch of a button at any time. As well as offering a welcoming and nurturing environment for all, the property has ample off road and on street parking that is available for visitors, support workers and team members to use as needed.
