Capacity up to 6

Male only

18+ Adults

Supported living

Person-centred care plans

24-hour support

Thornton Avenue is a supported living service in Streatham, South West London. We provide care for individuals aged 18 - 65 who have epilepsy, learning disabilities, acquired brain injuries, behavioural issues, autism and other complex needs.

Everyone at Thornton Avenue is committed to helping the individuals we support to achieve their hopes and dreams through round the clock care and support. Our vision is to make a difference; to enable people to optimise their potential and enjoy full, rewarding lives.

Thornton Avenue is a town-house situated in the heart of Streatham, South West London. There are 6 large bedrooms, a spacious communal lounge, a dining area, and a tranquil garden with on-site parking.

The individuals we support are assisted with their daily living skills, medical and emotional needs. Key working sessions run on a monthly basis to set goals for individuals to achieve, these goals are shared with the whole team so everyone we support has their own individual living plan.

We offer a wide range of activities within and outside of the house including a games console, pool tables, dart boards and a computer, so individuals can develop a great home social life.

We are perfectly situated by Streatham Common and Clapham Common which are beautiful local parks with natural scenery.

We support those with but are not limited to:

- Epilepsy
- Mental health
- Autism
- Acquired brain injury
- Challenging behaviour
- Asperger's syndrome
- Sensory impairment
- Physical disabilities
- Other complex needs

Our facilities:

- 6 bedrooms which individuals are encouraged to personalise
- Accessible bathroom facilities
- Communal lounge where individuals can come together for activities and to socialise
- Communal kitchen and dining room for individuals to gather during meal times
- Large garden area for individuals to enjoy the outside space
- On-site parking
